Re: *MidMichigan Medical Center - West Branch*
Case 07-RD-270474

Dear Mr. Mack:

This letter acknowledges receipt of "SEIU Healthcare Michigan's Request for Special Permission to Appeal a Ruling by the Regional Director" in the above-referenced case.

The Board's Rules and Regulations do not permit parties to file with the Board special permissions to appeal in representation cases. Under Section 102.67(c), a party may file a request for review with the Board of "any action of a Regional Director." That request for review, however, must comply with the requirements set forth in Section 102.67. Because the Union's special permission to appeal does not meet the requirements set forth in the Board's Rules and Regulations, it cannot be construed as a request for review. Accordingly, the Union's special permission to appeal is an improper filing and will not be forwarded to the Board for consideration.

Very truly yours,

/s/ Mark G. Eskenazi
Deputy Executive Secretary
